

Sugar Research Institute Scholarship (SRIS)

Sugar Research Institute Scholarship (SRIS)

Sugar Research Institute (SRI) awards scholarships every year for undergraduates studying engineering or technical fields at an Australian university or tertiary institution. The SRIS aims to encourage the participation of high calibre students in the Australian sugar processing industry.

An Overview of the Sugar Research Institute

SRI is a global leader in science and innovation for sugar milling and refining technology. SRI develops innovative products, technical expertise and commercial research services for raw and refined sugar manufacturers worldwide.

About the Sugar Research Institute Scholarship

The scholarship will provide financial assistance to penultimate year students in engineering (chemical, mechanical, process and electrical), science or technical disciplines with an interest in sugar processing.

Successful recipients will undertake three periods of full-time paid work placement in an Australian sugar mill over 18 months (12 weeks total).

The scholarship awarded will be:

- Paid work placement at industry rates and a living away allowance of \$250 per week.
- \$7,500 total or three payments of \$2,500 paid after each successful completion of the following work placement schedule:

Work placement schedule	Payment
1. June / July	\$2,500
2. January / February	\$2,500
3. June / July	\$2,500

How to apply

Complete the SRIS application form addressing all selection criteria requirements and email to b.king@sri.org.au by 5pm 17 March 2017.

For information contact:

Mr Bruce King
Learning & Development
Manager,
Sugar Research Institute
Phone: 07 5414 2507
Email: b.king@sri.org.au

Note: Work placement will be undertaken in four week blocks at an Australian sugar mill selected by SRI and to an agreed schedule between the student and SRI.

Selection Criteria

Applications will be assessed by the SRI selection panel to meet the following criteria:

- An Australian citizen or permanent resident of Australia.
- A year three student undertaking an engineering (chemical, mechanical and electrical), science or technical degree at an Australian university or tertiary institution.
- Ability to undertake three periods of work placement over an 18 month period (12 weeks total) during semester breaks.

Successful applicants will be notified by 7 April 2017.

Rules - Sugar Research Institute Scholarship

1. The SRI selection panel will award one or more scholarships each year.
2. The scholarship is only available to penultimate year students undertaking engineering (chemical, mechanical, process and electrical) and/or science / technical degrees at an Australian university or tertiary institution.
3. The scholarship is awarded on the basis of academic merit to students with an interest in, or affinity with, the Australian sugar industry.
4. The scholarship recipient will undertake three periods of full-time paid work placement in an Australian sugar mill over 18 months (12 weeks total).

How to Apply

Applicants are required to complete the application form and provide the following documents:

- A cover letter and curriculum vitae.
- Certified copies of your academic record and academic transcript.
- Certified copies of proof of nationality or permanent residence visa.
- Letters of reference from at least two referees.

Cover letters should be addressed to Mr Bruce King, Learning and Development Manager, Sugar Research Institute and submitted with all required documents to b.king@sri.org.au no later than 5pm Friday 17 March 2017.
